

DEMOCRATS HAVE NO EVIDENCE BUT BELIEVE CHARGES

Leaders of Democratic National Committee
So Inform Senate Investigating Committee
—Treasury Empty But Hope for Better
Times Soon—Texas Banker Gives \$20,000

CHICAGO, Sept. 1.—The leaders of the Democratic National Committee testified today before the senatorial committee investigating campaign expenses that they brought no evidence from Governor James M. Cox to sustain his charges of a Republican corruption fund, but that they believed the charges were true.

George White, chairman of the Democratic organization and Wilbur Marsh, its treasurer, both backed their candidate's assertion and, in addition, Mr. Marsh produced photographic copies of subscription lists to a Republican book published by William Barnes, of the Albany, N. Y., Evening Journal, which, he said, indicated a violation of the federal statutes forbidding political subscriptions by corporations.

"Well," said Senator Kenyon, "if any of the signers of these lists have violated the law, they ought to be jailed, no matter whether they are Republicans or Democrats."

Other witnesses today were: Parley P. Christensen, presidential nominee of the Farmer-Labor Party, Guy T. Scott, treasurer of the Republican congressional and senatorial campaign committees and W. D. Jamieson, holdover financial director of the Democratic National organization. Mr. Jamieson appeared at a night session which was ordered in an effort to speed up the hearings.

Coffers Empty But Have Hopes
Messrs. White and Marsh agreed that the Democratic coffers were practically empty but both hoped for better conditions soon.

He said that the party as yet had no finance committee and Mr. Marsh added that the heads of bureaus had not yet been appointed. They agreed also that there was nothing in the budget of \$3,079,000 presented Monday by Will Hays, chairman of the Republican national committee, that was in itself "evidence of a desire to corrupt the American electorate."

Mr. Marsh thought the amount named was not excessive for a Republican campaign, but he said it would be far more than was necessary for a Democratic effort.

Mr. White made a "strictly personal estimate" of \$2,000,000, but Mr. Marsh said this was too high a figure for the Democratic fund.

The Barnes book received considerable attention thru the day. Mr. Marsh explained that to his mind, the subscription lists indicated a plan to collect large campaign funds independently from the regular Republican machinery.

He said there were several organizations engaged in similar work, and at the behest of Senator Kenyon, he mentioned the national Young Men's Republican League, the Southern Protective association, the committee of American Business Men, the American Defense Society and the Republican Publicity association.

Discuss Various Organizations.
As he mentioned each organization, the witness submitted a letter from its headquarters which he said bore out his assertions. He protested that he did not collect for the Young Men's League reprehensible in itself, that he thought the idea of such a organization was a good one, and that the Democrats had one of their own and hoped to revive it.

"But we financed our league thru the national committee, and whatever it collected was turned into the committee," he said.

The American defense society was similarly endorsed, but he added that it was spending money to elect Harding and he thought that fact was pertinent to the inquiry. There was a great deal of discussion about the Southern Protective association. The letter submitted from this organization asked that \$20,000 be collected in Texas alone and notations indicated that four Democrats and eight Republicans had already given \$1,000 each to the association.

Senator Kenyon asked if the league to enforce peace was not spending considerable money in advocacy of the league of nations and whether the witness thought the Democratic national committee ought to do that work instead.

"If you mean the organization of which William H. Taft is the head I see no reason why we should undertake work that Mr. Taft is doing so well for us," replied the Democratic official.

The chairman suggested that large expenditures would not in themselves indicate corruption if the work was legitimate and when Mr. Marsh reiterated his opinion that what seemed reasonable to a Republican was

E. H. MOORE WILL PRESENT EVIDENCE OF GOVERNOR COX

Pre-Convention Manager to Appear Before Committee

EXPECTS TO PROVE
GOVERNOR'S CHARGES

COLUMBUS, O., Sept. 1.—E. H. Moore of Youngstown, Ohio, pre-convention manager for Governor Cox will leave for Chicago tonight as the personal representative of the Democratic presidential nominee to be ready to present to the senate sub-committee investigating campaign expenditures evidence to back up the governor's charge that the Republican committee is collecting a campaign fund of \$15,000,000.

This announcement was made this evening by both Mr. Moore and Governor Cox after an all day conference. Mr. Moore said he is telling the truth and by the nominee, Mr. Moore and Senator Alcee Pomerene, Democratic member of the investigating committee.

Commenting upon the papers which the governor turned over to him today and those which had come to him direct, Mr. Moore declared that "if Treasurer Upham is telling the truth there is an entirely separate fund and we are going to find it."

Mr. Moore declared that if the men to be called in the investigation deny or refuse to produce evidence which he said will substantiate the governor's charges he will present the evidence himself.

He also declared that if those witnesses do not produce the evidence he intends to call the matter to the attention of the department of justice.

Republicans Would Convince.
"I will have no hesitancy in calling the attention of the department of justice to the situation," he said. "If the Republican party were indicted I would stake my reputation as a lawyer that the leaders would be convicted by a Republican jury just the same as Newberry was convicted by a Republican jury in Michigan."

Mr. Moore stated that he expected evidence to substantiate the governor's charges to come from the paid district representatives of the national committee in charge of collection of funds in their respective districts and also from the unpaid state chairmen. He declared they were in possession of the facts. Commenting upon the investigation and its progress Mr. Moore asserted that charges have been made and denied, but that "the committee has not had the information to conduct a thorough cross-examination of Chairman Hays and others."

He intimated that the material which he is taking to Chicago in the form of documents and otherwise will furnish the information.

Appeals to Secretary Colby In Behalf of MacSwiney

WASHINGTON, Sept. 1.—Frank P. Walsh, chairman of the American commission for Irish independence after a conference today with Secretary of State Colby, announced that Mr. Colby has promised "to endeavor to do something and do it quickly" in behalf of Terence MacSwiney, lord mayor of Cork, now on a hunger strike in Brixton jail, London.

Mr. Walsh had presented an urgent appeal to Secretary Colby in behalf of MacSwiney, who, asserted he, would die within twelve hours and asked Secretary Colby to urge Premier Lloyd George to release the prisoner.

Mr. Walsh also said that he was addressing a letter to President Wilson in support of the effort.

After Mr. Walsh's visit, Mr. Colby in response to questions, said he had the plea which had been presented him under consideration.

Mr. Walsh said he cited to Secretary Colby as precedents for American intervention in behalf of the Cork mayor, the representations made by the United States in 1906 to the Russian government against the Jewish pogroms.

STATE DEPARTMENT RECEIVES FORMAL REPLY FROM POLAND

Officials Said to be Satisfied With Answer

EXPRESSES GRATITUDE TO THIS COUNTRY

WASHINGTON, Sept. 1.—(By The Associated Press.)—Belief was expressed today by the state department officials with the formal reply of the Polish government to the American note requesting a Polish declaration to abstain from transgression of Russian territory.

Poland is understood to have replied that strategic operations must govern the halting of her armies in their pursuit of the Bolsheviks at the frontier line tentatively fixed by the supreme council.

Suggestion had been made by the American government that Poland make clear that her intentions toward Russia were not imperialistic and that her armies should not advance beyond the ethnographic line laid down by the supreme council.

Poles Reply to Note.
The reply of the Polish government was delivered to the state department yesterday by the Polish minister, Prince Lubomirski.

The first portion of the reply consists of an expression of gratitude of the Polish government at the attitude assumed by the United States in the American note to the Italian ambassador on the Russo-Polish situation.

The second portion, which was addressed to Prince Lubomirski and which also was delivered to the state department serves as specific reply to the American note.

While insisting that the Polish government is in entire accord with the United States in the contention that Russian territory should be respected the note declares that Poland is forced to consider the serious consequences likely to ensue from the abandonment of the present offensive against the Bolsheviks upon a fixed line without satisfactory guarantees.

Position Is Midway.
Officials of the state department have described the position of the United States toward the Polish advance as midway between that of France and Great Britain.

The position of Great Britain is understood to be that the Polish armies should immediately halt upon the frontier line now reached while France has contended that the armies should advance until a strategic point beyond the line was attained. It is believed that the United States now takes the position that the Polish armies may continue to press their attacks upon the Bolsheviks even if the frontier line should be crossed so long as assurances are forthcoming that Poland's intentions toward Russia are not imperialistic and that her armies would be withdrawn later to the line when all danger from a bolshevik offensive has passed.

OPEN SHOP IDEA DIRECT CHALLENGE TO TRADES UNIONS

U. S. Chamber of Commerce Platform is Dishonest

OPINION OF
SAMUEL GOMPERS

WASHINGTON, Sept. 1.—The "open shop" idea platform recently adopted by the chamber of commerce of the United States by a referendum vote was taken as a "dishonest document" in a statement by Samuel Gompers made public today. The entire declaration is a cunning device calculated to create the impression of fairness, while wielding the favorite weapons of treachery," Mr. Gompers said.

It is calculated to banish trade union organizations which create the impression of acquiescence in the actual desires of the workers.

"That the chamber of commerce has gone outside of its legitimate field in launching this attack upon the trade union movement is not surprising because the membership of the chamber of commerce is overwhelmingly an employing membership, a membership long in opposition to the trade union movement and a membership not above using any instrument with which it thinks the progress of a trade union movement may be impeded and its beneficial work retarded.

Challenge to Labor.
The open plank of the chamber of commerce, which is entitled "principles underlying the employment agency," was characterized by Mr. Gompers as a direct challenge to the trade union movement coming from the heart of America's financial power.

"The spirit of it coincides exactly with the spirit of the jungle man who started out to kill," he said. "The effort to make it appear that the so-called open shop involves the individual right of contract, is so far outworn and aged as to be pitiable."

The right of an individual to undermine and destroy the standing of living and the industrial safety of his fellow workers has been so long exploded as to be unworthy of further discussion.

Plank four of the chamber's platform, says something in mind which it does not care to set forth specifically and in plain language, Mr. Gompers said.

It is obviously seeking to devise some method by which organization of workers may be disadvantageously subjected to the desires of employers thru the machinery of states."

MAYOR THOMPSON CALLS GOV. LOWDEN CROOK AND LIAR

Says on Primary Day He Will
Give Lowden Crew Crack
in the Jaw

CHICAGO, Sept. 1.—Mayor William Hale Thompson, addressing two political meetings today in the Illinois Republican primary campaign, declared that Governor Frank O. Lowden was a "crook and a liar."

Mayor Thompson said he "helped to elect Lowden four years ago," and then said:

"But we won a hollow victory for we elected a crook for governor—and his word is no good."

At another meeting the mayor said Governor Lowden in his campaign promised the people home rule and then sold them out.

"That means," he continued, "that Frank O. Lowden is a liar."

The mayor concluded his second talk by saying that on primary day he "would give the Lowden crew a crack in the jaw."

And that when "they counted the ballots they would think 'Babe' Ruth had swung on them."

ORDERS ISSUED FOR STRIKE OF ALABAMA MINERS

President Lewis Claims Operators Have
Failed to Comply With Awards—Miners
in the Pennsylvania Anthracite Region
Vote to Strike Until Demands are Met

INDIANAPOLIS, Ind., Sept. 1.—John L. Lewis, president of the United Mine Workers of America, late today issued an order for a general strike in the bituminous coal fields in Alabama. The order followed a report made by the organization committee of the International Executive Board.

The report declared the coal operators had failed to put into effect the awards of President Wilson's coal commission of last March. It said the miners were working for wages far less than those specified by the commission and declared every attempt to arrange a conference with the coal operators of Alabama had failed.

Numerous mines in the Alabama field have been idle because of the alleged refusal of the operators to accept the findings of the coal commission.

President Lewis' telegram in part follows:

"The Alabama coal operators have persistently refused to put into effect the provisions of the award of the president's commission. This attitude is maintained despite the fact that the honorable commissioners appointed by the president specifically set forth in their report that the Alabama operators should meet, in joint conference with the representatives of the mine workers in that state to put into effect the award therein recommended to the end that industrial peace and tranquility might prevail."

"This action has never been taken because of the arbitrary and unwarranted refusal of the coal operators to meet or treat in any manner with the representatives of the organized mine workers of Alabama. In the meantime thousands of the mine workers of that state have been compelled to labor for wages materially less than those specified in the award of the commission and have been deprived of an opportunity of an adjustment of their many grievances thru the creation of machinery for such purpose as stipulated by the president's commission. In consequence of this condition, and in obedience only with the desire to bring about a satisfactory adjustment at the earliest possible date you are hereby authorized to effect an immediate shutdown of all coal producing operations in the state of Alabama which, up to this time, have not made any adjustments of these questions at issue."

The statement says in part:

"June 14 of this year, Harry M. Blair of my office prepared a tentative campaign fund plan which proposed abandonment of the plan previously adopted by the national committee to try to keep the limit of contributions down to \$1,000. Mr. Blair brought this plan to New York where I was and proposed it but it was promptly vetoed by the committee."

The statement also said that on July 6, 1920, Upham had issued a circular calling attention to the fact that no subscription of more than \$1,000 was to be solicited and that contributions could not be accepted from corporations.

MINERS VOTE TO
TAKE A VACATION

Wilkes Barre, Pa., Sept. 1.—Three hundred delegates representing 65 locals of District No. 1, United Mine Workers of America, in convention here today, voted to take a vacation until the coal companies accepted the demands for increased wages and better working conditions, as framed in the minority report of Neal J. Ferry, the miners' representative on the anthracite wage commission.

The effect of the action taken is problematical. In a majority of the locals represented the arguments are in a minority and union leaders expressed the opinion that while collieries might be crippled a majority of the men would remain at work and accept any decision made at the joint scale committee session at Scranton on Thursday.

WASHINGTON HAD
NO NEWS OF STRIKE

Washington, Sept. 1.—Government officials had no reports today regarding the "vacation" walkout by miners in the Pennsylvania anthracite region which closed down many collieries.

Altho the situation was the outcome of the recent award of the anthracite coal commission and its approval by President Wilson, labor department officials said the latest word from the coal fields was an "optimistic" report from John L. Lewis, president of the United Mine Workers.

In answering a telegram from a group of miners declaring that approval of the majority report of the commission would mean a strike, President Wilson said that if the message was intended as a threat the government was prepared to accept the challenge.

STATE DEPARTMENT

EXPRESSES GRATITUDE
TO THIS COUNTRY

WASHINGTON, Sept. 1.—(By The Associated Press.)—Entire satisfaction was expressed today by the state department officials with the formal reply of the Polish government to the American note requesting a Polish declaration to abstain from transgression of Russian territory.

Poland is understood to have replied that strategic operations must govern the halting of the armies in their pursuit of the Bolsheviks at the frontier line tentatively fixed by the supreme council.

Suggestion had been made by the American government that Poland make clear that her intentions toward Russia were not imperialistic and that her armies should not advance beyond the ethnographic line laid down by the supreme council.

Polish Reply to Note.
The reply of the Polish government was delivered to the state department yesterday by the Polish minister, Prince Lubomirski.

The first portion of the reply consists of an expression of gratitude of the Polish government at the attitude assumed by the United States in the American note to the Italian ambassador on the Russo-Polish situation.

The second portion, which was addressed to Prince Lubomirski and which also was delivered to the state department serves as specific reply to the American note.

While insisting that the Polish government is in entire accord with the United States in the contention that Russian territory should be respected the note declares that Poland is forced to consider the serious consequences likely to ensue from the abandonment of the present offensive against the Bolsheviks upon a fixed line without satisfactory guarantees.

Position Is Midway.
Officials of the state department have described the position of the United States toward the Polish advance as midway between that of France and Great Britain.

The position of Great Britain is understood to be that the Polish armies should immediately halt upon the frontier line now reached while France has contended that the armies should advance until a strategic point beyond the line was attained. It is believed that the United States now takes the position that the Polish armies may continue to press their attacks upon the Bolsheviks even if the frontier line should be crossed so long as assurances are forthcoming that Poland's intentions toward Russia are not imperialistic and that her armies would be withdrawn later to the line when all danger from a bolshevik offensive has passed.

BOND SALESMAN
LEFT SHORTAGE

CHICAGO, Sept. 1.—Basil P. Edwards, who was discharged in May from a position as bond clerk in a trust company here, following the alleged discovery of a peculiar bond transaction, has left a shortage estimated at \$70,000 in his accounts, officials of the company said today.

Investigation disclosed that Edwards, who had established a record for bond salesmanship, sold bonds at less than cost, paying the loss himself, and giving personal receipts with promises to deliver the bonds later.

RECOMMENDS INCREASE
FOR KANSAS MINERS

KANSAS CITY, Mo., Sept. 1.—Grating of a demand for \$1.50 a day increase to day men in coal mines of the southwest was recommended today by a subcommittee of miners and operators conferring over new wage demands. Action on the recommendation is now on the general committee. Missouri, Kansas, Oklahoma and Arkansas are affected by the negotiations.

WOMAN NOMINATED
FOR THE U. S. SENATE

Indianapolis, Ind., Sept. 1.—A woman, Mrs. Culla J. Vahinger, of Upland, was nominated a candidate for United States senator by the Indiana prohibition party which concluded its annual convention in Indianapolis last night.

The Rev. C. M. Krott of Indianapolis was elected as the party's candidate for governor.

INDIANAPOLIS, Ind., Sept. 1.—John L. Lewis, president of the United Mine Workers of America, late today issued an order for a general strike in the bituminous coal fields in Alabama. The order followed a report made by the organization committee of the International Executive Board.

The report declared the coal operators had failed to put into effect the awards of President Wilson's coal commission of last March. It said the miners were working for wages far less than those specified by the commission and declared every attempt to arrange a conference with the coal operators of Alabama had failed.

Numerous mines in the Alabama field have been idle because of the alleged refusal of the operators to accept the findings of the coal commission.

President Lewis' telegram to union officials at Birmingham in part follows:

"The Alabama coal operators have persistently refused to put into effect the provisions of the award of the president's commission. This attitude is maintained despite the fact that the honorable commissioners appointed by the president specifically set forth in their report that the Alabama operators should meet in joint conference with the representatives of the mine workers at that state to put into effect the award therein recommended to the end that industrial peace and tranquility might prevail.

OPEN SHOP IDEA DIRECT CHALLENGE TO TRADE UNIONS

U. S. Chamber of
Commerce Platform
is Dishonest

OPINION OF
SAMUEL GOMPERS

WASHINGTON, Sept. 1.—The "open shop" idea platform recently adopted by the chamber of commerce of the United States by a referendum vote was taken as a "dishonest document in a statement" by Samuel Gompers made public today. The entire declaration is a cunning device calculated to create the impression of fairness while wielding the favorite weapons of treachery," Mr. Gompers said.

It is calculated to banish trade union organizations which create the impression of acquiescence in the actual desires of the workers.

"That the chamber of commerce has gone outside of its legitimate field in launching this attack upon the trade union movement is not surprising because the membership of the chamber of commerce is overwhelmingly an employing membership, a membership long in opposition to the trade union movement and a membership not above using any instrument with which it thinks the progress of a trade union movement may be impeded and its beneficial work retarded.

Challenge to Labor.
The open plank of the chamber of commerce, which is entitled "principles underlying the employment agency," was characterized by Mr. Gompers as a direct challenge to the trade union movement coming from the heart of America's financial power.

"The spirit of it coincides exactly with the spirit of the jungle man who started out to kill," he said. "The effort to make it appear that the so-called open shop involves the individual right of contract, is so far outworn and aged as to be pitiable. The right of an individual to undermine and destroy the standing of living and the industrial safety of his fellow workers has been so long exploded as to be unworthy of further discussion."

Plank four of the chamber's platform, says something in mind which it does not care to set forth specifically and its plain language, Mr. Gompers said.

It is obviously seeking to devise some method by which organization of workers may be disadvantageously subjected to the desires of employers thru the machinery of states."

The statement says in part: "June 14 of this year, Harry M. Blair of my office prepared a tentative campaign fund plan which proposed abandonment of the plan previously adopted by the national committee to try to keep the limit of contributions down to \$1,000. Mr. Blair brought this plan to New York where I was and proposed it but it was promptly vetoed by the committee."

The statement also said that on July 6, 1920, Upland had issued a circular calling attention to the fact that no subscription of more than \$1,000 was to be solicited and that contributions could not be accepted from corporations.

MINERS VOTE TO
TAKE A VACATION

Wilkes Barre, Pa., Sept. 1.—Three hundred delegates representing 65 locals of District No. 1, United Mine Workers of America, in convention here today, voted to "take a vacation until the coal companies acceded to the demands for increased wages and better working conditions, as framed in the minority report of Neal J. Perry, the miners' representative on the anthracite wage commission."

The effect of the action taken is problematical. In a majority of the locals represented the insurgents are in a minority, and union leaders expressed the opinion that while collieries might be crippled a majority of the men would remain at work and accept any decision made at the joint scale committee session at Scranton on Thursday.

WASHINGTON HAD
NO NEWS OF STRIKE

Washington, Sept. 1.—Government officials had no reports today regarding the "vacation" walkout by miners in the Pennsylvania anthracite region which closed down many collieries.

Altho the situation was the outgrowth of the recent award of the anthracite coal commission and its approval by President Wilson, labor department officials said the latest word from the coal fields was an "optimistic" report from John L. Lewis, president of the United Mine Workers.

In answering a telegram from a group of miners declaring that approval of the majority report of the commission would mean a strike, President Wilson said that if the message was intended as a threat the government was prepared to accept the challenge.

ORDERS ISSUED FOR STRIKE OF ALABAMA MINERS

President Lewis Claims Operators Have
Failed to Comply With Awards—Miners
in the Pennsylvania Anthracite Region
Vote to Strike Until Demands are Met

INDIANAPOLIS, Ind., Sept. 1.—John L. Lewis, president of the United Mine Workers of America, late today issued an order for a general strike in the bituminous coal fields in Alabama. The order followed a report made by the organization committee of the International Executive Board.

The report declared the coal operators had failed to put into effect the awards of President Wilson's coal commission of last March. It said the miners were working for wages far less than those specified by the commission and declared every attempt to arrange a conference with the coal operators of Alabama had failed.

Numerous mines in the Alabama field have been idle because of the alleged refusal of the operators to accept the findings of the coal commission.

This attitude is maintained despite the fact that the honorable commissioners appointed by the president specifically set forth in their report that the Alabama operators should meet in joint conference with the representatives of the mine workers at that state to put into effect the award therein recommended to the end that industrial peace and tranquility might prevail.

"This action has never been taken because of the arbitrary and unwarranted refusal of the coal operators to meet or treat in any manner with the representatives of the organized mine workers of Alabama. In the meantime thousands of the mine workers of that state have been compelled to labor for wages materially less than those specified in the award of the commission and have been deprived of an opportunity of an adjustment of their many grievances thru the creation of machinery for such purpose as stipulated by the president's commission. In consequence of this condition, and imbued only with the desire to bring about a satisfactory adjustment at the earliest possible date you are hereby authorized to effect an immediate shutdown of all coal producing operations in the state of Alabama which, up to this time, have not made any adjustments of these questions at issue."

PLAN THAT COX

Fred W. Upham, Treasurer

Says

CIRCULAR ISSUED
ABOUT SUBSCRIPTIONS

CHICAGO, Sept. 1.—Fred W. Upham, treasurer of the Republican national committee issued a statement tonight in which he declared that when Governor Cox charged the Republicans were seeking subscriptions of \$5,000 to \$10,000 and quoted a document marked "Form 101" as his proof he was speaking of a plan which was never adopted.

"Form 101 called for such a plan, but was never ratified or put into use and was expressly vetoed," according to the statement.

The statement says in part: "June 14 of this year, Harry M. Blair of my office prepared a tentative campaign fund plan which proposed abandonment of the plan previously adopted by the national committee to try to keep the limit of contributions down to \$1,000. Mr. Blair brought this plan to New York where I was and proposed it but it was promptly vetoed by the committee."

LESLIE WILL MAY

Administrator Serves Notice Will
Fight Effort to Set It Aside—
Bulk of Fortune Left to Cause
of Woman's Suffrage.

New York, Sept. 1.—William Nelson Cromwell, administrator, today filed notice in the surrogate's court that he would contest any attempt by Mrs. Henrietta R. Hurlbert to set aside a will of the late Mrs. Frank Leslie, which left the bulk of her valuable estate to Mrs. Carrie Chapman Catt for the cause of woman suffrage.

Mrs. Hurlbert's suit which was begun several months ago sought to re-open an action started by her sister, Baroness Althea Salvador, who died before the case received a hearing. The baroness claimed a prior will made her a legatee.

As administratrix of the estate of Baroness Salvador, Mrs. Hurlbert seeks to have the probate of the Leslie will set aside so she may contest the bequest to Mrs. Catt, which is alleged to have been made while Mrs. Leslie was of unsound mind and unduly influenced by the suffrage leader.

The petition to reopen the case was granted by surrogate James A. Foley.

Opponents of suffrage in Tennessee are at least going to muddy the water as much as possible. The effort in the legislature to rescind the act endorsing suffrage may cause some confusion, but will not permanently change the results.

Perhaps, after all, it was jealousy that inspired Gov. Cox in making charges about the big Republican slush fund. Chairman White of the Democratic national committee says that his committee has thus far raised only \$65,000 for the country-wide campaign.

aign. This wouldn't go very far in financing even the ordinary publicity in a national campaign year.

According to the last reports there were 953,000 trucks in use in the U. S., last year by comparison with 700,000 in the year previous. But certainly the increasing use of trucks is sure to have its effect on the whole transportation question. The increase in railroad freight rates will give a further impetus to the truck traffic.

Now hotel men are planning to abandon French menus and use the English language. This action is quite in accord with the present day movement to make English the universal language in the U. S. Aside from that, no body was ever able to give a good reason for printing menus in French when not one diner out of a dozen can either read or pronounce the language.

It costs something to be sick at Wauchegan. There the doctors now charge \$4 for each day time visit, \$6 for each visit between 6 and 10 p. m., while a late call means an expense to the patient of \$8. Physicians there maintain that their increasing ex-

penses make these new charges necessary.

If the effort were made to establish a sort of parallelism between the late Theodore Roosevelt and Franklin D. Roosevelt of another generation and a different branch of the family, it would be found to end pretty quickly and completely in the fact that both once held the office of Assistant Secretary of the Navy. Beyond that it is a contrast rather than a parallelism.—Springfield Union.

DEPARTMENTAL REORGANIZATION.

Legislation recommended by a congressional committee to do away with the duplication of work in many government departments will save the taxpayers \$300,000,000 a year, in the opinion of Representative C. Frank Reavis, of Nebraska. "For many years the overlapping and duplication of activities in the departments and bureaus of the government has been a source of waste and expense almost incalculable," Mr. Reavis states.

"There has been no Alexander Hamilton and the result of this indifference is appalling. There was a time when the expenses of the government amounted to only 12 cents per capita a year. Today the annual per capita expense exceeds \$40. Every taxpayer, when he looks at his tax receipt, wonders what we are doing with the money, and the burdens imposed upon him incite a demand for economy. Anything looking to a reorganization of governmental business that will reduce expenses will meet with approval of the man from home."

THE SOVIET PLAN.

Describing the deplorable conditions in Russia under the bolshevik regime, a writer who interviewed hundreds of refugees says that "for example, the peasant will cultivate only as much land as is necessary to supply his own family, because anything above that amount would be seized by the government and paid for with soviet money, of which

he has already more than he knows what to do with."

There we have a succinct statement of the consequences that follow confiscation of the rewards for energy and thrift. There we have a sample of the results substituting mediocre dictatorship for demonstrated ability as the managing power in industry. Whether it be a government ownership or a taxing system that confiscates the profits of industry, the effect is the same — to discourage individual initiative and enterprise. When the hope of special reward for special ability and effort has been destroyed, there will be no special effort, and progress will be transformed into retrogression and decay.

A soviet government may compel its victim to give up the goods and take worthless money in the first instance, but ultimately the effect will be to discourage production, in which event there will be no goods to take, either with or without compensation.

The Mortgage.

I had a mortgage, years ago, on my pretentious home; and Worry and its brother, Woe, were camped upon my dome. I couldn't keep a smile on straight but oftentimes I wept; I tasted Mortgage when I ate, and dreamed it when I slept. It spoiled for me the Sabbath day, when I sat in my pew; the choir, in singing, seemed to say, "When mortgages are due." It cast its shadow on my door, and like a raven croaked; it took the zest from every chore, and spoiled the weed I smoked. They took away my House of Pride, by means of writ and such; and since then it's been occupied by one who's idly rich. And he is welcome to it all stone steps and turfed floor, he's welcome to the stately hall and varnished cellar door. I have a cabin of my own in which I chirp all day, and do not owe a single bone to any human jay. No mortgage daps against the pane when winds are blowing keen; no mortgage makes me pause again when I'd buy gasoline. Or, better in a culvert dwell, and owe no man a red, then vainly try to be a swell, with mortgage overhead.

Hon. W. J. Bryan, who was in Asheville when the drive was on, dropped in at the noon lunch and made one of the shortest, most telling speeches of his life as he said, "I cannot give much because I am giving to so many Associations besides my own home work at Lincoln, but always count me with the Association. I am glad to add my check for \$250."

A Bryan room will be fitted up in the new building at Asheville, N. C. The Nebraska, in a short talk during the recent drive, asked the directors to so use his gift. He declared that his Association membership dated farther back than any other affiliation of his, except with the church and the Democratic party. Bryan rooms have followed his gifts in Miami, Fla.; Lincoln, Nebr., and Havana, Cuba.

Tennessee Boys are to build their own shacks on woodmen's plans and ideas in the new State 1,000 acre camp. This is to be run on a regular Daniel Boone, non-feather bed, summer hotel basis.

Plans for 57 buildings to cost \$15,000.00 are in the office of the International Building Bureau. Since January the Bureau has advised on 20 new building projects to cost \$4,955,000.

In a year 57,118 crowded into the gymnasium and pool at Birmingham Central, where the idea of exercise for all is strongly upheld. Active physical members exceed 1,700 men and boys.

Dignified business men are like boys when they reach the gym at Fort Wayne, Ind. Their volley ball league is a "world beater," and in its games the city's commercial pillars contend twice a week.

Converted in France thru efforts of Y. M. C. A. secretaries among them, hundreds of Chinese coolies have reached their homes since the war, bearing letters from Association workers, commending them to the missionaries in their home localities. Thus ended their long journey, during which the Y. M. C. A. cheered, inspired, instructed and safeguarded them from gamblers and thugs, and made it possible for those who would, to reach their homes with hearts renewed and purses well filled.

Prominent ministers, bankers, lawyers, engineers, of Joplin, Mo., have been asked by the H-Y Club to address their life work sessions. The idea originated with the boys themselves, growing out of their feeling that too many of their seniors were making life work choices from unworthy motives.

Fifteen hundred Kansas boys, graduated this year from high school, expect to enter college this fall. Advance letters from State High School and State Student Secretary have offered assistance in lining them up, securing boarding houses, and cards relative to fraternity life were sent to each. The twenty-six college Associations in Kansas will do follow up work next fall.

Opponents of suffrage in Tennessee are at least going to muddy the water as much as possible. The effort in the legislature to rescind the act endorsing suffrage may cause some confusion, but will not permanently change the results.

Perhaps, after all, it was jealousy that inspired Gov. Cox in making charges about the big Republican slush fund, Chairman White of the Democratic national committee says that his committee has thus far raised only \$65,000 for the country-wide campaign.

paign. This wouldn't go very far in financing even the ordinary publicity in a national campaign year.

According to the last reports there were 953,000 trucks in use in the U. S., last year by comparison with 700,000 in the year previous. But certainly the increasing use of trucks is sure to have its effect on the whole transportation question. The increase in railroad freight rates will give a further impetus to the truck traffic.

Now hotel men are planning to abandon French menus and use the English language. This action is quite in accord with the present day movement to make English the universal language in the U. S. Aside from that, no body was ever able to give a good reason for printing menus in French when not one diner out of a dozen can either read or pronounce the language.

It costs something to be sick at Waukegan. There the doctors now charge \$4 for each day time visit, \$6 for each visit between 6 and 10 p. m., while a late call means an expense to the patient of \$8. Physicians there maintain that their increasing ex-

penses make these new charges necessary.

If the effort were made to establish a sort of parallelism between the late Theodore Roosevelt and Franklin D. Roosevelt of another generation and a different branch of the family, it would be found to end pretty quickly and completely. In the fact that both once held the office of Assistant Secretary of the Navy. Beyond that it is a contrast rather than a parallelism.—Springfield Union.

DEPARTMENTAL REORGANIZATION.

Legislation recommended by a congressional committee to do away with the duplication of work in many government departments will save the taxpayers \$300,000,000 a year, in the opinion of Representative C. Frank Reavis, of Nebraska. "For many years the overlapping and duplication of activities in the departments and bureaus of the government has been a source of waste and expense almost incalculable," Mr. Reavis states.

"There has been no Alexander Hamilton and the result of this indifference is appalling. There was a time when the expenses of the government amounted to only 12 cents per capita a year. Today the annual per capita expense exceeds \$40. Every taxpayer, when he looks at his tax receipt, wonders what we are doing with the money, and the burdens imposed upon him incite a demand for economy. Anything looking to a reorganization of governmental business that will reduce expenses will meet with approval of the man from home."

THE SOVIET PLAN.

Describing the deplorable conditions in Russia under the bolshevik regime, a writer who interviewed hundreds of refugees says that "for example, the peasant will cultivate only as much land as is necessary to supply his own family, because anything above that amount would be seized by the government and paid for with soviet money, of which

he has already more than he knows what to do with."

There we have a succinct statement of the consequences that follow confiscation of the rewards of energy and thrift. There we have a sample of the results substituting mediocre dictatorship for demonstrated ability as the managing power in industry. Whether it be a government ownership or a taxing system that confiscates the profits of industry, the effect is the same — to discourage individual initiative and enterprise. When the hope of special reward for special ability and effort has been destroyed, there will be no special effort, and progress will be transformed into retrogression and decay. A soviet government may compel its victim to give up the goods and take worthless money in the first instance, but ultimately the effect will be to discourage production, in which event there will be no goods to take, either with or without compensation.

Rippling Rhymes

The Mortgage.
I had a mortgage, years ago, on my pretentious home; and Worry and its brother, Woe were camped upon my dome. I couldn't keep a smile on straight but oftentimes I wept; I tasted Mortgage when I ate, and dreamed it when I slept. It spoiled for me the Sabbath day, when I sat in my pew; the choir, in singing, seemed to say, "When mortgages are due." It cast its shadow on my door, and like a raven croaked; it took the zest from every chore, and spoiled the weed smoked. They took away my House of Pride, by means of writ and such; and since then it's been occupied by one who's idly rich. And he is welcome to it all stone steps and turfed floor, he's welcome to the stately hall and varnished cellar door. I have a cabin my own in which I chirp all day, and do not owe a single bone to any human jay. No mortgage flaps against the pane when winds are blowing keen; no mortgage makes me pace again when I'd buy gasoline. Or, better in a culvert dwell, and owe no man a red, than vainly try to be a swell, with mortgage overhead.

Y. M. C. A. NOTES

Hon. W. J. Bryan, who was in Asheville when the drive was on, dropped in at the noon lunch and made one of the shortest, most telling speeches of his life as he said, "I cannot give much because I am giving to my own home work at Lincoln, but always count me with the Association. I am glad to add my check for \$250."

A Bryan room will be fitted up in the new building at Asheville, N. C. The Nebraskan, in a short talk during the recent drive, asked the directors to so use his gift. He declared that his Association membership dated farther back than any other affiliation of his, except with the church and the Democratic party. Bryan S. Sullivan, Chicago, vocational officer; Dr. Frank D. Adams, Elgin, chaplain, and E. E. Wood, Chicago, historian.

Announcement of the personnel of convention committees and of district chairmen will be made tomorrow afternoon. Reports of committees on Americanization, athletics, legislation, post activities and welfare and on care of veterans' widows and orphans will also be heard.

Plans for 57 buildings to cost \$15,900 are in the office of the International Building Bureau. Since January the Bureau has advised on 20 new building projects to cost \$4,955,000.

In a year 57,118 crowded into the gymnasium and pool at Birmingham Central, where the idea of exercise for all is strongly upheld. Active physical members exceed 1,700 men and boys.

Dignified business men are like boys when they reach the gym at Fort Wayne, Ind. Their volley ball league is a "world beater," and in its games the city's commercial pillars contend twice a week.

Converted in France thru efforts of Y. M. C. A. secretaries among them, hundreds of Chinese coolies have reached their homes since the war, bearing letters from Association workers, commending them to the missionaries in their home localities. Thus ended their long journey, during which the Y. M. C. A. cheered, inspired, instructed and safeguarded them from gamblers and thugs, and made it possible for those who would, to reach their homes with hearts renewed and purses well filled.

Prominent ministers, bankers, lawyers, engineers, of Joplin, Mo., have been asked by the Hi-Y Club to address their life work sessions. The idea originated with the boys themselves, growing out of their feeling that too many of their seniors were making life work choices from unworthy motives.

Fifteen hundred Kansas boys, graduated this year from high school, expect to enter college this fall. Advance letters from State High School and State Student Secretary have offered assistance in lining them up, securing boarding houses, and cards relative to fraternity life were sent to each. The twenty-six college Associations in Kansas will do follow up work next fall.

Smith at his residence in Virginia. The bride and groom were attended by Miss Katherine McGinnis, sister of the groom, and Mr. Frank Flynn of Virginia, and the ring ceremony was used.

The bride was attired in a traveling suit of brown drepvyn with hat and shoes to match, and carried a bouquet of Ophelia roses. Mrs. McGinnis is the eldest daughter of Mr. and Mrs. Charles H. James, and is thus a member of one of the leading families of the neighborhood. She is a young woman of charming personality, accomplished in household science and will prove a helpful companion.

It will be a matter of interest to the many friends of this popular young couple to know that they are to remain in the Meredosia vicinity. All unite in wishing them many years of happy wedded life.

BIG CROP OF HAY FEVER JOKES

But Kentucky Men Says People Who Belong to Hay Fever Colony Are Kidding Themselves.

Wouldn't Be Any Hay Fever If Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a picturesque Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of Hay Fever jokes would be mighty scarce if people would get three-quarters of an ounce of Mentholated Arcline, and by just adding water that has been boiled, make a pint of liquid that will prove a real help to all who suffer."

"Many of my Hay Fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear, and in cases where it does show up, is very mild and does not annoy."

"It's the same way with Rose Fever."

"The Better Class of Physicians who dispense Mentholated Arcline say that it will greatly modify any attack, even when taken three or four days after hostilities begin."

Go to a real live druggist when you get ready to make a pint, for up to the present time there has been little demand for this friendly medicine.

Mentholated Arcline is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

may soon be in sight came today
the fourth day of the walkout,
when 5,000 carmen in mass meet-
ing authorized their leaders to
seek negotiations for settlement
on the basis of a "voluntary in-
crease" in wages.

The plan, proposed by the
union's organizer, P. J. Shea, is
to invite Federal Judge Mayer
and Lindley M. Garrison, receiv-
ers of the Brooklyn Rapid Trans-
it company, to submit a proposal
for wage increases within the
limit of the company's ability to
pay. Arbitration of the closed
shop principle will be the subject
of further discussion it was stat-
ed.

For the first time since Monday
trolleys were operated today on
Brooklyn surface lines and spo-
radic clashes between strikers
and non-union carmen were re-
ported.

Police reserves repelled an at-
tack of three hundred strikers
and sympathizers on a car barn.
Confusion was noticeably less
today through Brooklyn. Surface
cars were protected by heavy steel
screens under heavy police guard.

TENNESSEE SENATE REFUSED TO REVERSE ITSELF ON SUFFRAGE

Refuses to Join With House
By Vote of 17
to 8

SAYS OUT OF BODY'S
JURISDICTION

NASHVILLE, Tenn., Sept. 1.—
By a vote of 17 to 8, the Tennes-
see senate today in effect refused
to join with the house in an at-
tempted reversal of ratification of
the federal suffrage amendment.
The senate's vote was recorded
in favor of a motion to return to
the house the latter's message an-
nouncing that it had voted to non-
concur in the senate's adoption of
the ratification resolution and had
expunged from its record the con-
curring vote of August 21.

The motion for the return of
the house message as passed car-
ried an explanation that the rat-
ification resolution had been taken
out of the senate's hands and
therefore no further jurisdiction
over it was necessary by the sen-
ate.

WILLIAM H. TAFT SPEAKS IN CANADA

Addressed Canadian Bar Association
— Discussed League of
Nations.

OTTAWA, Sept. 1.—Speaking
before the Canadian Bar associa-
tion at luncheon today William
Howard Taft, former president of
the United States and official re-
presentative of the American Bar
association, said he would not
discuss whether the United States
should become a member of the
league of nations but instead
wished to turn the attention of
those present to the constitutional
aspect of the case and try to dis-
cover whether or not the United
States has the power to enter the
league.

"I do not think," he said, "that
those people who contend against
the power of the United States to
make contracts and enter into ob-
ligations with other nations, fully
realize how completely such a
construction of the constitution
would relegate our great nation
to the limbo of infamy and irre-
sponsible persons who may not
undertake obligations that are
binding upon them."

fighting in the region of Zamosc,
45 miles southeast of Lublin, is re-
ported in a Polish official com-
munique issued today. The North-
ern wing of the Polish army is re-
ported to be advancing without
resistance. It has captured Crodok,
says the statement, taking more
than 1,000 prisoners.

A group of Red detachments op-
erating west of Chelm for the
purpose of supporting General
Budenny's cavalry, was repulsed
with heavy loss when it attempted
to take the aggressive by attacking
the Poles in the district between
Dubienka and Moniatycz.

Offer Firm Resistance
General Dudenny's forces in
the region of Zamosc continue to
meet with firm resistance on the
part of the Poles, continues the
communique.

A Russian column said to have
been proceeding in the direction
of Grabowie has been repulsed
after heavy fighting.
The statement declares that
General Dudenny's activities have
been paralyzed to a great extent
thanks to effective activity on
the part of Polish pursuit group
operating in his rear, which suc-
ceeded in cutting off a consider-
able quantity of the enemy's sup-
ply trains.

In Galicia the situation remains
unchanged. Polish cavalry which
has occupied Chodorow is in pur-
suit of the bolsheviks who are re-
treating toward Rohatyn.

AMERICAN SHIPS SHOULD BE ABLE TO MEET COMPETITION

Senator Harding Believes
They Should Be
Favored

SHIPPING AUTHORITY
SAYS NEED SUBSIDIES

MARION, O., Sept. 1.—Com-
menting today on the proposed
abrogation of the various com-
mercial treaties, under a provision
of the shipping act, Senator Harding
declared his belief that "some ad-
justment" in favor of American
bottoms must be made to enable
American ships to meet foreign
competition.

"I am not prepared to discuss
the effect of the shipping bill on
existing commercial treaties,"
said the Republican nominee when
his attention was called to the
subject. "The bill was enacted
while I was involved in the pre-
convention campaign. I voted for
the measure."

"I never resisted the policy of
favoring American bottoms and it
is my own judgment that the only
way we can ever fairly promote an
American merchant marine is to
take cognizance of the specific
requirements of our shipping and
adjust ourselves to that situation
in favoring contracts for trans-
mission of mails and other public
business."

Cannot Make Exactions
"If the LaPorte seamen's bill
represents the conscience of
America, as I think it does, and
we impose unusual exactions on
our merchant marine, we cannot
make exactions on our merchant
marine without some adjustment
to meet the situation."

The senator referred to the
subsidies granted by other nations
to their shipping interests and
said he had been told by an em-
inent shipping authority that com-
petition in foreign commerce
would be impossible for American
ship concerns unless they too
were granted substantial assist-
ance.

TELLS OF SHOOTING IN ROAD HOUSE

CHICAGO, Sept. 1.—How Ger-
ald A. Stack, wealthy oil opera-
tor and broker of Lander, Wyo.,
was shot and killed
Paul Brown in a road house Mon-
day night was told today at the
coroner's inquest by James F.
Kirk, a member of the slain man's
party.

"Stack and a woman member
of his party were standing in the
lobby of the inn when Brown and
I went inside," Kirk said. "Brown
made a remark to the woman and
she slapped him in the face."
"Stack drew a pistol and catch-
ing hold of Brown struck him
several times on the head. Brown
broke away and ran. Stack
fired."

HUNGER STRIKERS AT POINT OF DEATH

Cork, Aug. 31.—Several of the
hunger striking prisoners in the
Cork jail are declared to be at the
point of death. Today the hunger

message from Lord Mayor Mac-
Sweeney from Brixton jail:

"Greetings to all my comrades
in Cork jail. I am with them in
spirit, thinking of them always
and praying hourly for their wel-
fare."

Russian factions in an attack on
the Nikolaevsk garrison last win-

they do not have to campaign in

"You have the same advantage
in some other states," rejoined
Mr. Marsh, "and no one knows
one of them better than you do."

Wants Finances Made Public.
As possible electoral reforms,
Mr. Marsh advocated legisla-
tion classing as political parties
all organizations engaged in col-
lecting funds for political propa-
ganda and compelling them to
make public reports of their fi-
nances. He also said that he favored
strongly a law which would
prohibit individuals sending
money for political purposes
into states in which they were
not residents, citing as an
example of the practice \$30,000
which he said Coleman DuPont
sent to Indianapolis in 1916.

Books submitted by Mr. Marsh
included a complete list of con-
tributors to the Democratic
treasury and containing thou-
sands of names. The witness
and Mr. White told the inquisi-
tors that no limit had been fixed
on the size of individual subscrip-
tions but that every check was
scrutinized closely as to its size
and source.

Texas Banker Gives \$20,000.
From the list, Senator Edge
learned that the largest single
subscription was for \$20,000 from
a Texas banker.

Mr. Marsh explained that this
amount had been made up by
several individuals with the un-
derstanding that it was to be re-
paid from funds collected from
general subscriptions in the state
when the machinery of the na-
tional committee was set fairly
in motion.

The Republican investigators
had Mr. Marsh identify other
contributors, bringing out that
Edward N. Hurley, former head
of the shipping board had given
\$5,000 and James Gerard, former
ambassador to Germany, \$2,000.

TENNESSEE SENATE REFUSED TO REVERSE ITSELF ON SUFFRAGE

Refuses to Join With House

SAYS OUT OF BODY'S
JURISDICTION

NASHVILLE, Tenn., Sept. 1.—By a vote of 17 to 8, the Tennessee senate today in effect refused to join with the house in an attempted reversal of ratification of the federal suffrage amendment. The senate's vote was recorded in favor of a motion to return to the house the latter's message announcing that it had voted to non-concurred in the senate's adoption of the ratification resolution and had expunged from its record the concurring vote of August 21.

The motion for the return of the house message as passed carried an explanation that the ratification resolution had been taken out of the senate's hands and therefore no further jurisdiction over it was necessary by the senate.

WILLIAM H. TAFT SPEAKS IN CANADA

Addressed Canadian Bar Association — Discussed League of Nations.

OTTAWA, Sept. 1.—Speaking before the Canadian Bar Association at luncheon today William Howard Taft, former president of the United States and official representative of the American Bar association, said he would not discuss whether the United States should become a member of the league of nations but instead wished to turn the attention of those present to the constitutional aspect of the case and try to discover whether or not the United States has the power to enter the league.

"I do not think," he said, "that those people who contend against the power of the United States to make contracts and enter into obligations with other nations, fully realize how completely such a construction of the constitution would relegate our great nation to the limbo of infants and irresponsible persons who may not undertake obligations that are binding upon them."

"I am not prepared to discuss the effect of the shipping bill on existing commercial treaties," said the Republican nominee when his attention was called to the subject. "The bill was enacted while I was involved in the pre-convention campaign. I voted for the measure."

The senator referred to the subsidies granted to other nations to their shipping interests and said he had been told by an eminent shipping authority, that competition in foreign commerce would be impossible for American ship concerns unless they too were granted substantial assistance.

TO MAKE CHANGES IN ROAD TO SPRINGFIELD

Deeds Placed on Record Show Plans for Highway Betterment.

Deeds were placed on record yesterday by Charles M. Strawn to provide for the straightening and widening of the south road to Springfield. Certain changes in the roadway will be made between Arnold and the eastern boundary of the county.

It is a part of the state highway department program to straighten state roads and it was after a survey of the south road had been made by the state department that a committee of interested Morgan county men undertook the project of bringing to pass the desired changes.

F. J. Kaiser of Alexander is the chairman of the road committee. It was thru the activity of this committee and the generosity and interest of land owners that the proposed re-routing work was made possible. At present the road runs on the north side of the Washburn railroad from Arnold east and makes one or two sharp turns. It is not proposed to have the road run along the south side of the Washburn and thus avoid the unsatisfactory turns.

Deeds from the following property owners were made a matter of record yesterday: Florence A. Raynor, Joseph and Mary Kumble, Joel G. and Kate Strawn, William and Dora Davenport, John and Carrie Moeller, Robert and Ophelia Galbraith, Mrs. Fannie S.

FARM ORGANIZATIONS ADOPT RESOLUTIONS

COLUMBUS, O., Sept. 1.—Congressional regulation of the packing industry and action to compel railroads to provide sufficient refrigerator cars for transportation of perishable foodstuffs is asked in resolutions adopted here today by delegates to the national board of farm organizations.

Neglect of railroads to provide enough refrigerator cars, the resolution declared tends to centralize the distribution of perishable foods in great private corporations and makes it inconvenient and generally impossible for farmers' organizations to market their produce and compete with the members of the American institute of packers.

Sounds of back fire were heard and the farmers in the vicinity who were watching its maneuvers saw the plane take a sudden dive and burst into flames. It hit the ground with a terrific thud and a tremendous explosion occurred throwing mail bags hundreds of feet in every direction. The pilots were pinned under the wreckage and death was doubtless instantaneous.

Why Pay High Prices?
Investigate Our Service

INVESTIGATE OUR SERVICE—
At the visitation of death there arises in the aching hearts of those bereaved the desire to bestow every possible token of respect and affection upon the beloved. This, too often has been taken advantage of at that time to exact tremendous profits out of the pockets of those not able to afford it. Therefore it is not right that the public should be kept in ignorance, nor the public to fail to acquaint itself with any line of endeavor which will eventually be called upon to serve them. Why Man, We Organized This Store for You!

We have found that success in selling men the things they wear depends solely on knowing what men want—and then giving it to them.

LOVELY FALL SUITS

We believe that, above all, men want their money's worth; that no man wants shoddy, ill-appearing stuff at any price; that a man likes to trade at a store that stands as solidly back of the lowest priced collar buttons they sell as the finest suits it makes. We discriminate men's clothes as a basis, we deliberately organized this store along lines that men just couldn't help approving of. Why, man, we organized this store for you.

TO MAKE CHANGES IN ROAD TO SPRINGFIELD

Deeds Placed on Record Show Plans for Highway Betterment.

Deeds were placed on record yesterday by Charles M. Strawn to provide for the straightening and widening of the south road to Springfield. Certain changes in the roadway will be made between Arnold and the eastern boundary of the county.

It is a part of the state highway department program to straighten state aid roads and it was after a survey of the south road had been made by the state department that a committee of interested Morgan county men undertook the project of bringing to pass the desired changes.

F. J. Kaiser of Alexander is the chairman of the road committee. It was thru the activity of this committee and the generosity and interest of land owners that the proposed re-routing work was made possible. At present the road runs on the north side of the Wabash railroad from Arnold east and makes one or two sharp turns. It is now proposed to have the road run along the south side of the Wabash and thus avoid the unsatisfactory turns.

Deeds from the following property owners were made a matter of record yesterday: Florence A. Raynor, Joseph and Mary Kumble, Joel G. and Kate Strawn, William and Dora Davenport, John and Carrie Moeller, Robert and Ophelia Galbraith, Mrs. Fannie S.

Why Pay High Prices? Investigate Our Service

INVESTIGATE OUR SERVICE
At the visitation of death there arises in the aching hearts of those bereaved the desire to bestow every possible token of respect and affection upon the beloved. This, too often has been taken advantage of at that time to exact tremendous profits out of the pockets of those not able to afford it. Therefore it is not right that the public should be kept in ignorance, nor the public to fail to acquaint itself with any line of endeavor which will eventually be called upon to serve them. Investigate the ability and charges of an undertaker as you would an insurance company. We have a modern funeral parlor and its use is free to the public.

Why Man, We Organized This Store for You!

We have found that success in selling men the things they wear depends solely on knowing what men want—and then giving it to them.

LOVELY FALL SUITS

We believe that, above all, men want their money's worth; that no man wants shoddy, ill-appearing stuff at any price; that a man likes to trade at a store that stands as solidly back of the lowest priced collar buttons they sell as the finest suits it makes. discriminating men's clothes as a basis, we deliberately organized this store along lines that men just couldn't help approving of. Why, man, we organized this store for you.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills which I saw advertised in the papers and in your little books. I took about 12 bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can.—Mrs. R. E. DEXTER, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound. Moreover, this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

PEKIN RAINBOWS TO BE HERE SUNDAY

Fast Tazwell County Team Will Play Indies Two Games Sunday and Labor Day—Close Season October 17.

Fans will be glad to learn that the Pekin Rainbows will be here Sunday and Labor Day as opponents of the Indies. This is without doubt one of the best, if not the best teams that has played here in the last two years.

In the five games with the Indies, this year and last, they have won all of them. In Chicago they have one of the best pitchers in Central Illinois. When he is right and that is almost every time he steps to the rubber, he is a hard man to beat.

The team behind him also plays fast ball. However, the Indies should prove a better team than the Rainbows met in July. Then Clark, Wheeler and Denny had just started to play. They are going good now and we predict that Mr. Claude and the Rainbows are due for a trimming.

While it is not yet known definitely, it is probable that Patrick will pitch the opening game against Claude with John Wright hurling against Doren in the Labor day game. Wright pitched an excellent game last Sunday and will be hard to beat if he is right. Smith has announced that the Indies season will close on October 17.

The Paris Cleaners are booked for three games, the final one on the foregoing dates. This team has defeated the Indies twice this season and they are going to try to get revenge on them. The schedule for the remainder of the season follows:

September 5-6, Pekin.
September 12—Elks Merchants, Springfield.
September 19—C. and O., Bloomington.
September 26—Hannibal Mules team.
October 3-10-17—Paris Cleaners, of Springfield.

The Sangamon county team took second place. Members of both first and second teams also received gold medals. Plans for an annual state tournament will be considered by a committee to be selected.

Members from all sections of the state attended the picnic, which was addressed by S. L. Briggs, of the New York Farmer Bureau, and Dean C. R. Richards of the University of Illinois. Attendance was estimated at 7,500.

MISKE SLOWS UP IN HIS TRAINING

BENTON HARBOR, Mich., Sept. 1.—Jack Dempsey today put in his hardest day's training since he started working two weeks ago in preparation for his heavy-weight championship contest with Billy Miske next Monday afternoon. In addition to the usual road work, bag punching and shadow boxing, he increased his sparring to eight three minute rounds with only a half minute rest between rounds instead of the regulation minute interval. After the workout Dempsey declared he felt better than the week before he faced Jess Willard at Toledo a year ago.

Miske curtailed his training somewhat, as he was not feeling well. He went to a chicken dinner last night and topped it off with a quantity of pie and ice cream, consequently his stomach was somewhat heavy today. He gave up his road work and limited his boxing to four rounds.

The referee question remained unsettled tonight.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—“When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham’s Vegetable Compound and Liver Pills which I saw advertised in the papers and in your little books. I took about 12 bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can.”—Mrs. R. E. DEMING, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman’s existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham’s Vegetable Compound.

Moreover, this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extracts of the native roots and herbs which it contains.

PEKIN RAINBOWS TO BE HERE SUNDAY

Fast Tazewell County Team Will Play Indies Two Games Sunday and Labor Day—Close Season October 17.

Fans will be glad to learn that the Pekin Rainbows will be here Sunday and Labor Day as opponents of the Indies. This is without doubt one of the best, if not the best teams that has played here in the last two years.

In the five games with the Indies, this year and last, they have won all of them. In Claude they have one of the best pitchers in Central Illinois. When he is right and that is almost every time he steps to the rubber, he is a hard man to beat.

The team behind him also plays fast ball. However, the Indies should prove a better team than the Rainbows met in July. Then Clark, Wheeler and Denny had just started to play. They are going good now and we predict that Mr. Claude and the Rainbows are due for a trimming.

While it is not yet known definitely, it is probable that Patrick will pitch the opening game against Claude with John Wright hurling against Doren in the Labor day game. Wright pitched an excellent game last Sunday and will be hard to beat if he is right.

Smith has announced that the Indies season will close on October 17.

The Paris Cleaners are booked for three games, the final one on the foregoing dates. This team has defeated the Indies twice this season and they are going to try to get revenge on them. The schedule for the remainder of the season follows:

September 5-6, Pekin.
September 12—Elks Merchants, Springfield.
September 19—C. and O., Bloomington.
September 26—Hannibal Mules-team.
October 3-10-17—Paris Cleaners, of Springfield.

DEWITT COUNTY WINS HORSESHOE CONTEST

Take Championship at the State Farmer's Picnic—Receive Silver Loving Cup.

Springfield, Ill., Sept. 1.—Horseshoe throwers from DeWitt county carried off honors by defeating all of the 180 teams which participated in the first Illinois horseshoe tournament held here today in conjunction with the state farmers' picnic. A. A. Torbert, of Clinton, and Joseph Haskett, of Lane, composed the winning team, which received a silver loving cup offered by the Illinois Agricultural association. The Sangamon county team took second place. Members of both first and second teams also received gold medals. Plans for an annual state tournament will be considered by a committee to be selected.

Members from all sections of the state attended the picnic, which was addressed by S. L. Agass, of the New York Farmer Bureau, and Dean C. R. Richards of the University of Illinois. Attendance was estimated at 7,500.

MISKE SLOWS UP IN HIS TRAINING

BENTON HARBOR, Mich., Sept. 1.—Jack Dempsey today put in his hardest day's training since he started working two weeks ago in preparation for his heavy-weight championship contest with Billy Miske next Monday afternoon. In addition to the usual road work, bag punching and shadow boxing, he increased his sparring to eight three minute rounds with only a half minute rest between rounds instead of the regulation minute interval. After the workout Dempsey declared he felt better than the week before he faced Jess Willard at Toledo a year ago.

Miske curtailed his training somewhat, as he was not feeling well. He went to a chicken dinner last night and topped it off with a quantity of pie and ice cream, consequently his stomach was somewhat heavy today. He gave up his road work and limited his boxing to four rounds.

The referee question remained unsettled tonight.

The name of Bill Brown of New

York was added to the list of those under consideration, the others being Jim Griffin of San Francisco, "Kid" McParland of New York and Jim Dougherty of Philadelphia.

Decatur, Ill., Sept. 1.—Ross E. Petty of Lawrenceville, Illinois, for three years a star lineman with the University of Illinois has signed a contract to play with the Staley eleven this fall.

—why?—

A man at sixty years of age is either a failure or a success. BEECHAM'S PILLS have been made for sixty years and have the largest sale of any medicine in the world! Millions use BEECHAM'S PILLS. Sold everywhere. In boxes, 10c, 25c.

John R. Wilson helped represent Pleasant Plains in the city yesterday.

These two sketches are from photographs of Signor Friscoe's amazing act, now being heard over the Keith and Aladdin vaudeville circuits.

Signor Friscoe comes onto the stage and plays. Suddenly he stops playing. His xylophone performance continues.

Then the curtains of the back-drop part. The New Edison is revealed. It has taken up Signor Friscoe's performance and is RE-CREATING it alone.

You can hear it in our store

—the phonograph that is featured in Vaudeville's strangest act

Perhaps you've seen it—Signor Friscoe's "Magic" Xylophone Act. It's the hit of vaudeville's "Big-Time." Signor Friscoe's "magic" is an Official Laboratory Model of the New Edison. We have one exactly like it. Signor Friscoe's instrument is an exact duplicate of the original Official Laboratory Model, which cost Mr. Edison three million dollars to perfect. Our instrument is also an exact duplicate of this famous three million dollar original. We guarantee it to be able to give the same marvelous RE-CREATIONS of music, which Signor Friscoe's Official Laboratory Model gives in vaudeville. Come in and test the astonishing realism of this instrument for yourself—in Mr. Edison's Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

You've read how the New Edison has proved its perfect realism. Four thousand tests have been given, in which more than 50 different artists compared their art with its RE-CREATION by the New Edison. Leading newspapers conceded that there was no difference between the two.

Has any one suggested to you that these comparison tests are "faked"—that the artist imitates the New Edison?

Signor Friscoe's performance makes such an assertion positively ridiculous. Every week, 20,000 people see his hammers ripple over the xylophone keys. Suddenly he holds them aloft—still.

The rippling music continues.

Slowly, the gorgeous curtains of the back-drop part. The audience gasps. The New Edison stands revealed. It has taken up Signor Friscoe's performance, and is now RE-CREATING it alone. The effect of this extraordinary magic can rest upon only one fact: No one can distinguish any difference between Signor Friscoe's performance and its RE-CREATION by the New Edison. Signor Friscoe could . . . possibly imitate the New Edison, because the xylophone can not be made to imitate any other instrument, so as to deceive its hearers.

Signor Friscoe's act is not an Edison enterprise. He has simply been clever enough to use the New Edison for what it is worth. Why don't you?

PRICES

The price of the New Edison has increased less than 15% since 1914. This includes the War Tax.

Mr. Edison has staved off price advances by personally absorbing more than half of the increased cost of manufacture.

Because of the exceptionally high quality of materials and workmanship demanded by the Edison Laboratories, and the continued scarcity of both, it may be necessary to advance prices. But rest assured that this will not occur, unless Mr. Edison is forced to it.

Our Budget Plan—the thrift way of spending—will help you buy now. Let us tell you about it.

The superiority of Nu-Bone Cor-

they have which no other corsets
can have. This difference is due
to the Patented Nu-Bone Stay
which is the only woven wire stay
in existence. The machines that
weave the three or five strands of
finest piano wire into the Nu-Bone
Stay are patented, owned and op-
erated by the Nu-Bone Corset Com-

Mrs. Forrest is a woman of magnetic personality, a most enthusiastic worker, a rarely popular teacher. She voluntarily left the operatic and concert field for the more congenial atmosphere of a college.

Franklin, Sept. 1.—(Special to The Journal.)—Hundreds of Odd Fellows from the various lodges thruout Morgan county attended the annual meeting of the county association held here today.

Ample preparations had been made for feeding the throngs and 500 gallons of burgoo soup and barbecued meat in proportion were sold during the day. A CLERICAL VISITOR
Rev. William Smith of Peoria was in the city yesterday calling on some friends. The gentleman is a native of Bonnie Scotland and was educated in London after which he sought the new world and was ordained a Congregational minister. He served the Joy Prairie church acceptably for five years and has many happy recollections of the good people to whom he ministered. He recalls with peculiar pleasure the late John B. Joy, so well known during his life time in Sunday school work.

Mr. Smith went to St. Louis from Joy Prairie and served a church there eleven years aiding in the construction of a \$25,000 edifice. After acting as preacher for 27 years he concluded he was entitled to something else so he turned his attention to life insurance and is now with Keene & Hoagland, western general agents of the Aetna Life insurance company and himself is special field agent.

OCEAN TO OCEAN WAY LACKS SIGNS

Marking Thru Jacksonville Greatly Needed for Benefit of Tourists.

One of the real needs of Jacksonville is the marking of the Ocean to Ocean Highway thru the city. Even back as far as 1915 the Ocean to Ocean highway was outlined from New York to California and the maps issued at that time showed Jacksonville on the route. The trail is now much better marked, generally speaking, than it was a few years ago and the Ocean to Ocean highway can be properly accounted as one of the well-established transcontinental routes.

Those who pay attention to the subject know that about nine out of ten of the automobile tourists who pass thru Jacksonville are going east or west on this highway. Complaints are frequently heard because the route is not marked thru the city and tourists as they arrive are left to find their way.

Frank J. Heintz is the vice president for this division and the need for marking within the city has frequently been brought to his attention. Mr. Heintz intends just as soon as he can give the matter attention to raise the necessary fund for the marking thru Jacksonville. The highway approaches Jacksonville from the east on Morton avenue, thence to the public square west on State street to Webster avenue, north on Webster avenue to Lafayette avenue, west and north to the Gravel Springs road.

A resident of South Jacksonville living near the Vandalla road said recently that it is not unusual for four or five tourists to stop at his house in one day asking to be directed to the trail. All this annoyance to tourists can readily be avoided by the signboards.

ENGINE IS DERAILED
The engine and front trucks of the tender of First Nnety, a passenger train out of Hannibal, were thrown off the Wabash tracks at the "Y" just east of Swift's packing house at 9:30 o'clock Wednesday night.

The train had stopped to take on some cars and backed thru the "Y" which was open and when they started forward, thinking the "Y" was closed, the engine and part of the tender were derailed. The Springfield wrecker was immediately ordered to the scene of the mishap.

A party of tourists stopped here on their journey from Toledo, O., to Lyman county, Kansas. They were on their return home after a visit with relatives in Toledo. They had had no tire trouble or had encountered no rains on their journey to Toledo but said it had been very much different on their return trip. The members of the touring party were E. L. Calvin, O. T. Calvin, Mrs. N. P. Carpenter and Mrs. Alice Hudson.

It had been forty years since Mrs. Carpenter and Mrs. Hudson were in Toledo where the early part of their life was spent. When children they went through from Ohio to Kansas in a covered wagon and forty years later are making the trip in an automobile they once made by wagon.

Large Number Attended Annual Meeting — Chapin Will Be Scene of Next Meeting.

Franklin, Sept. 1.—(Special to The Journal).—Hundreds of Odd Fellows from the various lodges thruout Morgan county attended the annual meeting of the county association held here today.

The weather was threatening, the roads were fairly good and most of the visitors made the trip by automobile. Members of the Franklin Lodge provided excellent entertainers and nothing was left undone to make the day one of pleasure and profit to the visitors.

Ample preparations had been made for feeding the throngs and 500 gallons of burgoo soup and barbecued meat in proportion were sold during the day. Refreshments stands also did a good business thruout the day.

The program of addresses proved of interest. Orion E. Tandy, former resident of Franklin and a former member of Franklin lodge served as chairman of the day. Mr. Tandy made the address of welcome and introduced the various speakers with appropriate remarks.

It had been expected that Grand Master Birney would be present and make an address. Mr. Birney was in Springfield attending the shrine meeting and expected to come to Franklin this morning. He was stricken with ptomaine poisoning and was compelled to return home.

H. M. Blood past grand master was present and conferred the grand lodge on nineteen members. Hon. John J. Reeve of Jacksonville responded to the address of welcome. Other speakers were Mrs. Ida G. Sherman of Chicago president of the Rebekah state assembly, Past Presidents Mrs. Ella Watson Reeve and Mrs. Myrtle W. Tandy of Jacksonville.

A CLERICAL VISITOR

Rev. William Smith of Peoria was in the city yesterday calling on some friends. The gentleman is a native of Bonnie Scotland and was educated in London after which he sought the new world and was ordained a Congregational minister. He served the Joy Prairie church acceptably for five years and has many happy recollections of the good people to whom he ministered. He recalls with peculiar pleasure the late John B. Joy, so well known during his life time in Sunday school work.

Mr. Smith went to St. Louis from Joy Prairie and served a church there eleven years aiding in the construction of a \$25,000 edifice. After acting as preacher for 27 years he concluded he was entitled to something else so he turned his attention to life insurance and is now with Keene & Hoagland, western general agents of the Aetna Life Insurance company and himself is special field agent.

Co-Op. Lawn Social, 3rd Ward School tonight. Everybody welcome.

Dr. A. H. Kennebrew has returned from a three weeks vacation trip which was made by automobile. Dr. Kennebrew was accompanied by John Dunn with Fort Triplett as chauffeur. The trip was made in Dr. Kennebrew's new Hudson super-Six and they did not take dust from anybody on the road.

The itinerary took the party thru Missouri, Illinois, Wisconsin and Indiana and nearly 2,000 miles was covered without mishap except for a puncture that occurred near the Old Dutch Cleanser factory between South Chicago and Gary.

At Starved Rock park near Ottawa where they camped one night they found the weather rather cold. Otherwise the trip was ideal, tho they were glad to see Jacksonville again. Mr. Dunn had to return home several days ago because of business interests demanding his attention.

OCEAN TO OCEAN WAY LACKS SIGNS

Marking Thru Jacksonville Greatly Needed for Benefit of Tourists.

One of the real needs of Jacksonville is the marking of the Ocean to Ocean Highway thru the city. Even back as far as 1915 the Ocean to Ocean highway was outlined from New York to California and the maps issued at that time showed Jacksonville on the route. The trail is now much better marked, generally speaking, than it was a few years ago and the Ocean to Ocean highway can be properly accounted as the one well-established transcontinental route.

Those who pay attention to the subject know that about nine out of ten of the automobile tourists who pass thru Jacksonville are going east or west on this highway. Complaints are frequently heard because the route is not marked thru the city and tourists as they arrive are in doubt as to how they should proceed when leaving.

Frank J. Hehl is the vice president for this division and the need for marking within the city has frequently been brought to his attention. Mr. Hehl intends just as soon as he can give the matter attention to raise the necessary fund for the marking thru Jacksonville. The highway approaches Jacksonville from the east on Morton avenue, thence to the public square west on State street to Webster avenue, north on Webster avenue to Lafayette avenue, west and north to the Gravel Springs road.

A resident of South Jacksonville living near the Vandalla road said recently that it is not unusual for four or five tourists to stop at his house in one day asking to be directed to the trail. All this annoyance to tourists can readily be avoided by the signboards.

ENGINE IS DERAILED

The engine and front trucks of the tender of First Ninety, a passenger train out of Hannibal, were thrown off the Wabash tracks at the "Y" just east of Swift's packing house at 9:30 o'clock Wednesday night.

The train had stopped to take on some cars and backed thru the "Y," which was open and when they started forward, thinking the "Y" was closed, the engine and part of the tender were derailed. The Springfield wrecker was immediately ordered to the scene of the mishap.
